Convenience Translation of the Independent Auditors' Review Report
Originally Prepared and Issued in Turkish to English

REVIEW REPORT ON CONSOLIDATED INTERIM FINANCIAL INFORMATION

To the Board of Directors of Arap Türk Bankası A.Ş.;

Introduction

We have reviewed the accompanying consolidated balance sheet of Arap Türk Bankası A.Ş. (the "Bank") and its consolidated financial subsidiaries (together referred to as the "Group") as at 31 March 2019 and the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in shareholders' equity, the consolidated statement of cash flows and a summary of significant accounting policies and other explanatory notes to the consolidated financial information for the three-month-period then ended. The Bank Management is responsible for the preparation and fair presentation of these interim financial information in accordance with the "Banking Regulation and Supervision Agency (BRSA) Accounting and Reporting Legislation" which includes "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Board and Turkish Accounting Standard 34 "Interim Financial Reporting" principles for those matters not regulated by afore-mentioned legislations. Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of review

We conducted our review in accordance with Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial information do not present fairly, in all material respects, the financial position of Arap Türk Bankası A.Ş. and its consolidated financial subsidiaries at 31 March 2019, and its consolidated financial performance and its consolidated cash flows for the three-month period then ended in accordance with the BRSA Accounting and Financial Reporting Legislation.

Report on other regulatory requirements arising from legislation

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information provided in the accompanying interim activity report in section seven, are not consistent with the reviewed consolidated interim financial statements and disclosures in all material respects.

V.	Other Issues	84

ARAP TÜRK BANKASI A.Ş.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise stated.)

SECTION ONE

GENERAL INFORMATION ABOUT THE PARENT BANK

I. THE PARENT BANK’S DATE OF ESTABLISHMENT, BEGINNING STATUTE, ITS HISTORY REGARDING CHANGES ON ITS STATUTE

Arap Türk Bankası Anonim Şirketi (“the Bank”) has been established in 1977 as a joint stock entity in accordance with an agreement signed on 11 August 1975 between the Republic of Turkey and the Libyan Arab Republic. The duration of the Bank is 50 years from the commencement of the Agreement. This period shall be renewable automatically unless agreed otherwise by an Extraordinary General Meeting held at least one year prior to expiration.

In accordance with the Articles of Association, the Board of Directors shall elect a Chairman among its Turkish members and a Deputy Chairman among its Arab members. The General Manager shall always be nominated by Libyan Foreign Bank assigned by the Board.

II. THE PARENT BANK’S SHARE CAPITAL STRUCTURE, SHAREHOLDERS DIRECTLY OR INDIRECTLY, ALONE OR TOGETHER HOLDING THE MANAGEMENT AND CONTROL OF THE BANK, RELATED CHANGES WITHIN THE YEAR AND INFORMATION ABOUT THE BANK’S GROUP

The Parent Bank is a foreign bank status incorporated in Turkey. The main shareholder Libyan Foreign Bank is 100% owned by Central Bank of Libya. The main shareholder Libyan Foreign Bank has financial investments in various countries.

The shareholder’s other qualified shares are Türkiye İş Bankası A.Ş. and T.C. Ziraat Bankası A.Ş.

As of 31 March 2019, the Parent Bank’s share capital at the balance sheet date as follows:

Shareholders	Current Period	
	Share amounts	Share percentages ⁽¹⁾
Libyan Foreign Bank	274,426	62.37%
T. İş Bankası A.Ş.	90,534	20.58%
T.C. Ziraat Bankası A.Ş.	67,900	15.43%
Kuwait Investment Co.	7,140	1.62%
Total	440,000	100%

⁽¹⁾ Emek İnşaat ve İşletme A.Ş. has 0,0000014% share in the paid capital by TL 6.20 (full digit in TL) (31 December 2017: 0,0000014% share and TL 6.20 (full digit in TL).

ARAP TÜRK BANKASI A.Ş.**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2019**

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise stated.)

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES

I. EXPLANATIONS FOR BASIS OF PRESENTATION

The consolidated financial statements are prepared within the scope of the “Regulation on Accounting Applications for Banks and Safeguarding of Documents” related with Banking Act numbered 5411 published in the Official Gazette no.26333 dated 1 November 2006 and other regulations related to reporting principles on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority and in case where a specific regulation is not made by BRSA, Turkish Accounting Standards and Turkish Financial Reporting Standards (“TFRS”) and related appendices and interpretations (referred as “Turkish Accounting Standards” or “TAS”) put into effect by Public Oversight Accounting and Auditing Standards Authority (“POA”).

The format and content of the publicly announced consolidated financial statements and notes to these statements have been prepared in accordance with the “Communiqué on Publicly Announced Financial Statements, Explanations and Notes to These Financial Statements”, published in Official Gazette no. 28337, dated 28 June 2012, and amendments to this Communiqué. The Bank maintains its books in Turkish Lira in accordance with the Banking Act, Turkish Commercial Code and Turkish Tax Legislation.

Consolidated financial statements other than financial assets and liabilities that are presented with fair values, are prepared in thousands of Turkish Lira and with cost value approach.

The preparation of financial statements requires the use of certain critical estimates on assets and liabilities reported as of balance sheet date or amount of contingent assets and liabilities explained and amount of income and expenses occurred in related period. Although these estimates rely on the management’s best judgment, actual results can vary from these estimates. Judgements and estimates are explained in related notes.

For a correct perception of the financial statements, the accounting policies and valuation principles are explained between in Notes No. II and XXIII.

CHANGES IN ACCOUNTING POLICIES

The Bank and its consolidated financial subsidiaries have started to apply TFRS 16 Leases standard (“TFRS 16”) published by Public Oversight Accounting and Auditing Standards Authority (“POA”) in the accompanying consolidated financial statements starting from 1 January 2019.

TFRS 16 Leases standard abolishes the dual accounting model currently applied for lessees through recognizing finance leases in the balance sheet whereas not recognizing operational lease. Instead, it is set forth a single model similar to the accounting of finance leases (on balance sheet). For lessors, the accounting stays almost the same.

This standard is applied with modified retrospective approach recognizing the cumulative effect of initially applying the standard at the date of initial application. In this context, comparative information is not restated.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

II. INFORMATION ON STRATEGY FOR THE USE OF FINANCIAL INSTRUMENTS AND FOREIGN CURRENCY TRANSACTIONS

The Bank’s core business operation is banking activities including corporate banking, commercial banking, retail banking and security transactions (treasury transactions) together with international banking services. The Bank uses financial instruments intensively because of the nature of the Bank. The main funding resources are deposits, borrowing and equity and these resources are invested in qualified financial assets. The Bank follows the utilization of resources and the risk and return for the investments in various financial assets through an effective asset and liability management strategy.

The transactions in foreign currency are recorded in accordance with “TAS 21 - Effects of Exchange Rate Changes” Related gain and loss occurred due to the changes in exchange rates resulted by the foreign currency transactions are translated into Turkish Lira over the effective exchange rate prevailing at the date of the transaction and is recorded accordingly.

At the end of the related periods, foreign currency assets and liability balances outstanding are translated into Turkish Lira over the Parent Bank’s exchange rates prevailing at the balance sheet date and the resulting exchange rate differences are accounted as foreign exchange gains and losses.

III. EXPLANATIONS ON INVESTMENTS IN ASSOCIATES AND SUBSIDIARIES

The accompanying consolidated financial statements are prepared in accordance with “Communiqué on Preparation of Consolidated Financial Statements” which is published in the Official Gazette No. 26340 dated November 8, 2006. The Parent Bank directly owns the shares of A&T Finansal Kiralama A.Ş. and this subsidiary is consolidated accordingly. As of current period, the Parent Bank has no associates.

A&T Finansal Kiralama Anonim Şirketi, was founded in 1997 with the aim to provide financial leasing services.

The Parent Bank and its subsidiary A&T Finansal Kiralama A.Ş that is included in consolidation are together referred to as “Group” in the disclosures and footnotes related to the consolidated financial statements.

“Full Consolidation” method has been applied in consolidating the financial statements of the Parent Bank with the financial statements of its subsidiary. In accordance with this method, the financial statements of the Parent Bank and its subsidiary are combined on a line-by-line basis by adding together the all items of assets, liabilities, income, expenses and off-balance sheet items, in preparing consolidated financial statements. Minority interests are presented separately in the consolidated balance sheet and consolidated statement of income.

The major principles applied in the consolidation of subsidiaries

The carrying amount of the Parent Bank’s net investment in the subsidiary and the Parent Bank’s portion of equity of the subsidiary are eliminated.

All intercompany transactions and intercompany balances between the consolidated subsidiary and the Parent Bank are eliminated.

The financial statements which have been used in the consolidation are prepared as of 31 March 2019 and appropriate adjustments are made to financial statements to use uniform accounting policies for similar transactions and events in similar circumstances.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

IV. INFORMATION ON FORWARD TRANSACTIONS, OPTIONS AND DERIVATIVE INSTRUMENTS

Derivative financial instruments of the Bank are classified under "IFRS 9 Financial Instruments" ("IFRS 9"), "Derivative Financial Assets Designated at Fair Value through Profit or Loss".

Derivatives are initially recorded at their purchase costs including the transaction costs. The notional amounts of derivative transactions are recorded in off-balance sheet accounts based on their contractual amounts.

The derivative transactions are measured at fair value subsequent to initial recognition and if the fair value of a derivative financial instrument is positive, it is disclosed under trading derivative financial assets and if the fair value difference is negative, it is disclosed under trading derivative financial liabilities.

Gains and losses arising from a change in fair value of trading derivatives after the re measurement are accounted in the income statement. The fair value of the derivative financial instruments is calculated using quoted market prices by using discounted cash flows model.

V. INFORMATION ON INTEREST INCOME AND EXPENSE

Interest income and expense are recognized according to the effective interest method based on accrual basis. Effective interest rate is the rate that discounts the expected cash flows of financial assets or liabilities during their lifetimes to their carrying values. Effective interest rate is calculated when a financial asset or a liability is initially recorded and is not modified thereafter.

The computation of effective interest rate comprises discounts and premiums, fees and commissions paid or received and transaction costs. Transaction costs are additional costs that are directly related to the acquisition, issuance or disposal of financial assets or liabilities.

VI. INFORMATION ON FEES AND COMMISSION

Fees and commission received and paid are recognized according to either accrual basis of accounting or effective interest method depending on nature of fees and commission; incomes derived from agreements and asset purchases for third parties are recognized as income when realized.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. INFORMATION ON FINANCIAL ASSETS

As TFRS 9 has been put into effect on 1 January 2018, the Group’s accounting policy for financial instruments is summarized as follows.

Financial assets are recognized or derecognized according to TFRS 9 Financial Instruments Part 3 Recognition and Derecognition. Financial assets are measured at fair value at initial recognition in the financial statements. During the initial recognition of financial assets other than “Financial Assets at Fair Value Through Profit or Loss”, transaction costs are added to fair value or deducted from fair value. They are included in the balance sheet of the Bank, if the Bank is a legal party to these instruments.

The Bank categorizes its financial assets as “Fair Value Through Profit/Loss”, “Fair Value Through Other Comprehensive Income” or “Measured at Amortized Cost”. Financial instruments comprise financial assets and liabilities and derivative instruments. This classification is based on the contractual cash flow characteristics of the related business model used for management of the financial assets at initial recognition.

a. Financial Assets at Fair Value through Profit or Loss

“Financial assets at fair value through profit/loss” are financial assets that are either acquired for generating a profit from short term fluctuations in prices or are financial assets included in a portfolio aiming to short-term profit making.

Financial assets at the fair value through profit or loss are initially recognized at fair value and remeasured at their fair value after recognition. All gains and losses arising from these valuations are reflected in the income statement.

Government bonds and treasury bills included in held for trading and available for sale portfolios traded in BIST are carried at weighted average exchange prices of BIST as of the balance sheet date and those securities that are not traded in BIST are carried at other valuation models. All gains and losses arising from these valuations are reflected in the income statement.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. INFORMATION ON FINANCIAL ASSETS (Continued)

b. Financial Assets at Fair Value Through Other Comprehensive Income

In addition to Financial assets within a business model that aims to hold to collect contractual cash flows and aims to hold to sell, financial asset with contractual terms that lead to cash flows are solely payments of principal and interest at certain dates, they are classified as fair value through other comprehensive income.

Financial assets at fair value through other comprehensive income are recognized by adding transaction cost to acquisition cost reflecting the fair value of the financial asset. After the recognition, financial assets at fair value through other comprehensive income are remeasured at fair value. Interest income calculated with effective interest rate method arising from financial assets at fair value through other comprehensive income and dividend income from equity securities are recorded to income statement. “Unrealized gains and losses” arising from the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income are not reflected in the income statement of the period until the acquisition of the asset, sale of the asset, the disposal of the asset, and impairment of the asset and they are accounted under the “Accumulated other comprehensive income or expense to be reclassified through profit or loss” under shareholders’ equity. When these securities are collected or disposed of, the accumulated fair value differences reflected in the shareholders' equity are reflected to the income statement.

Subsequent amendments to the values of investments in equity instruments are not reflected in the income statement except for the dividend.

At initial recognition, it can be made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of an investment in an equity instrument within the scope of TFRS 9 that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which TFRS 3 applies.

Equity instruments measured at fair value through other comprehensive income

At initial recognition, it can be made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of an investment in an equity instrument within the scope of TFRS 9 that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which TFRS 3 applies. Such election is made on an instrument by instrument basis. Amounts presented in other comprehensive income shall not be subsequently transferred to profit or loss. However, the cumulative gain or loss shall be transferred to prior period’s profit or loss. Dividends on such investments are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. TFRS 9 impairment requirements are not applicable for equity instruments.

The subsequent measurement of financial assets at fair value through other comprehensive income is based on fair value. However, if the fair value can not be determined reliably, the fair value for the floating rate securities is measured at the amortized cost using the most probable effective interest method; for fixed interest securities, fair value pricing models or discounted cash flow techniques are used.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. INFORMATION ON FINANCIAL ASSETS (Continued)

c. Financial Assets Measured at Amortized Cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are classified as financial assets measured at amortized cost.

Financial assets measured at amortized cost are initially recognized at acquisition cost including the transaction costs which reflect the fair value of those instruments and subsequently recognized at amortized cost by using effective interest rate method. Interest income obtained from financial assets measured at amortized cost is accounted in income statement.

d. Loans

Loans are financial assets that have fixed or determinable payments terms and are not quoted in an active market. Loans are initially recognized at acquisition cost plus transaction costs presenting their fair value and thereafter measured at amortized cost using the “Effective Interest Rate Method”.

Bank loans and receivables are initially carried at cost value. Bank loans are measured at amortized cost with internal rate of return. Short-term and long-term loans are grouped as open or guaranteed; FC loans are recognized with fixed price and revalued by the counter foreign exchange buying rate of the Bank. Foreign exchange indexed loans are used as TL by the valid counter foreign exchange buying rate of the Bank at usage date. Repayments of these loans are collected as calculated TL value by the valid counter foreign exchange selling rate of Bank at installment date.

The Parent Bank’s loans are recorded under the “Measured at Amortized Cost” account.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. INFORMATION ON FINANCIAL ASSETS (Continued)

e. Impairment

The Bank recognizes an Impairment for financial assets measured at amortized cost and at fair value through other comprehensive income.

As of 1 January 2018, the Bank recognize provisions for impairment in accordance with TFRS 9 requirements according to the “Regulation on the Procedures and Principles for Classification of Loans by Banks and Provisions to be set aside” published in the Official Gazette dated 22 June 2016 numbered 29750. Method of provisions for impairment as set out in accordance with the related legislation of BRSA is changed by applying the expected credit loss model under TFRS 9. Expected loss estimate is unbiased, weighted by probabilities and includes supportable information about estimates of past events, current conditions and future economic conditions.

The expected credit loss model includes instruments that are recorded at amortized cost or at fair value in other comprehensive income tables (such as bank deposits, loans and securities) and, in addition, financial lease receivables that are not measured at fair value through profit or loss, credit commitments and financial guarantee contracts.

Expected credit loss is an estimate of the expected credit losses over the life of a financial instrument also the following aspects are important for the measurement.

- Probability-weighted and neutral amount determined by taking into account possible outcomes,
- Time value of money,
- Reasonable and supportable information on past events, current conditions and forecast of future economic conditions, at the time of reporting, without excessive cost and effort.

The expected 12 monthly credit loss values are part of the life expectancy loss calculation (within 12 months after the reporting date or within a shorter period if the life of a financial instrument is shorter than 12 months).

The main theme of the expected credit loss model can reflect the deterioration of the quality of financial instruments or the general view of recovery. The amount of expected credit loss, known as loss allowance or allowance, depends on the degree of credit deterioration. There are two measurements according to the general approach:

12-Month Expected Loss (1st Stage) is valid for all assets unless there is a significant deterioration in the quality of the loan.

Lifetime Expected Loss (2nd and 3rd Stage) is applied when a significant increase in credit risk occurs.

The following parameters are used in the calculation of expected credit loss;

Probability of Default: It denotes the possibility of default of the loan in the related term. The Bank's internal ratings are used in the calculation of the probability of default.

Loss in case of default: refers to the expected loss rate from the loan in case of default

Default Amount: refers to the risk balance for cash loans and the risk balance calculated by using the credit conversion rate for non-cash loans.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. INFORMATION ON FINANCIAL ASSETS (Continued)

e. Impairment (Continued)

Individual Evaluation

A credit loss can be defined as the difference between all contractual cash flows that are outstanding under the contract and the original expected EIR (Effective Interest Rate) value and discounted cash flows.

When cash flows are estimated, the following conditions are taken into account.

- a) All contractual terms of the financial intermediary during the expected lifetime of the financial instrument
- b) Cash flows from collateral sales

Definition of Default

The debtor can be considered as the Stage 3 under conditions where the debtor fails to pay his obligations regardless of past due and the guarantees the debtor has.

These conditions have stated below:

- 1) Degradation in financial structure of the opposite party and economic conditions
- 2) Other neutral criteria deemed appropriate by management
- 3) To have a past due more than 90 days. (150 days for the financial leasing receivables)
- 4) To have past due over 30 days or reconstruction of loans after passing from Stage 3 to Stage 2.

Significant increase in credit risk definition (criteria and explanations)

The classification criteria were revised in accordance with the new rules issued by the BRSA. These revisions are designated as the First Group (Standard loans), the Second Group (loans under close monitoring), the Third Group (loans with limited collection), the Fourth Group (loans in suspicious cases where the loss is expected) and the fifth group (Losses).

In this context, in the criteria applied for the loans classified in the first Group; the issue of future payment issues is not expected and the credit worthiness of the borrower of the loan has not weakened. In accordance with TFRS 9, loans subject to 12-month credit impairment are classified under the First Group (Stage 1). The criteria applied for the credits classified in the Stage 2 are; unfavourable developments in debt payment or cash flows of debtors are observed or anticipated, problems arises in principal and / or interest payments in accordance with the terms of the loan agreement and the credit risk of the borrower is considerably increased. In accordance with TFRS 9, loans classified in the Stage 2 are subject to the provision of an expected lifetime loan loss provision.

1. Past due more than 30 days,
2. Reconstruction,
3. The rating decline in the period from the date of the loan to the reporting date,
4. Early warning signal,
5. Bankruptcy / concordatual registration,
6. Negative intelligence and imprisonment records

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. INFORMATION ON FINANCIAL ASSETS (Continued)

e. Impairment (Continued)

Although the classification criteria are still used under the third, fourth and fifth groups in the current process, the classification criteria, as specified in the regulation and as non-performing loans, have been revised. In accordance with TFRS 9, these loans, which are subject to a lifetime impairment application, are classified under the Stage 3.

The relevant Staging criteria and default definitions are set out in accordance with TFRS 9 regulation and specified in the monitoring policies.

In the context of contractual cash flows, cash flows from collateral sales and cash flows from loans are also taken into account.

Under TFRS 9, probability weighted scenarios are taken into account for the expected life of the financial instrument to estimate expected losses. The evaluation consists of an assessment of the possible outcomes, including the determination of the amount and timing of cash flows for specific outputs and of possible scenarios indicating the estimated likelihood of that outcome.

VIII. INFORMATION ON OFFSETTING FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

IX. INFORMATION ON SALE AND REPURCHASE AGREEMENTS AND LENDING OF FINANCIAL ASSETS

Repurchase (“repo”) and resale (“reverse repo”) agreements of financial assets are followed at the balance sheet accounts. Financial assets which are sold to customers under repurchase agreements are categorized according to initial classification and are measured in accordance with the accounting policy of the related portfolio.

Funds obtained under repurchase agreements are accounted under funds provided under repurchase agreements in liability accounts. The interest expense accruals are calculated by means of internal rate of return method over the difference resulting from repurchase and sale prices for the relevant period.

Securities subject to repurchase agreements are reflected under receivables from reverse repurchase agreements. The difference between the purchase and resell price which is related with the period is computed with the effective interest rate method for accrued interest income.

As of the balance sheet date, there is no security lending transactions.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

X. INFORMATION ON ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

Property and equipment held-for-sale consist of tangible assets that were acquired due to non-performing loans and receivables, and are accounted in the financial statements in accordance with the regulations of “Turkish Financial Reporting Standard for Assets Held for Sale and Discontinued Operations (TFRS 5)”.

The assets that meet the criteria of being classified under assets held for sale are measured at the lower of their book values or fair value less costs to be incurred for sale, depreciation for these assets is ceased and these assets are presented separately in the balance sheet. In order for an asset to be classified as an asset held for sale, the related asset (or the asset group to be disposed) shall be ready to be sold immediately under usual conditions and should have a high possibility to be sold. To have a high possibility of sale, a plan should have been made for the sale of the asset (or the asset group to be disposed) and an active program should have been started by the management, aiming to complete the plan and determine the buyers. The amount in the securities portfolio of the bank is very low. In addition, the asset should be actively marketed at a price that is consistent with the true value.

A discontinued operation is a part of an entity which is classified as to be disposed or held for sale. The results related to discontinuing operations are presented separately in the income statement. The Bank does not have any discontinued operations.

XI. INFORMATION ON GOODWILL AND OTHER INTANGIBLE ASSETS

There is no goodwill in the accompanying financial statements related to the acquisition of a subsidiary.

The Group’s intangible assets consist of software.

Intangible assets are initially recorded at their costs in compliance with the “TAS 38 - Intangible Assets”.

The costs of the intangible assets purchased before 31 December 2004 are restated from the purchasing dates to 31 December 2004, the date the hyperinflationary period is considered to be ended. The intangible assets purchased after this date are recorded at their historical costs. The intangible assets are amortized based on straight line amortization. The useful life of software is determined as 3-15 years.

If there is objective evidence of impairment, the asset’s recoverable amount is estimated in accordance with the “TAS 36 - Impairment of Assets” and if the recoverable amount is less than the carrying value of the related asset, a provision for impairment loss is made.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)**XII. INFORMATION ON TANGIBLE ASSETS**

The costs of the tangible assets purchased before 31 December 2004 are restated from the purchasing dates to 31 December 2004, the date the hyperinflationary period is considered to be ended. In subsequent periods no inflation adjustment is made for tangible assets, and costs which are restated as of 31 December 2004 are considered as their historical costs. Tangible assets purchased after 1 January 2005 are recorded at their historical costs after foreign exchange differences and financial expenses are deducted if any.

While the Group is using the cost model under the TAS 16 “Property, Plant and Equipment” for the valuation of the property under tangible assets, the current year has been changed to the revaluation model in the valuation of the property in use. The property value in the appraisal report prepared by the appraisal company and the net book value the positive difference is monitored in equity accounts.

Gains and losses arising from the disposal of the tangible assets are calculated as the difference between the net book value and the net sales price and recognized in the income statement of the period.

Maintenance and repair costs incurred for tangible assets are recorded as expense. Expenditures incurred that extend the useful life and service capacity of the assets are capitalized.

The depreciation rates used approximate the rates of the useful life of the tangible assets are as follows:

Tangible Assets	Estimated Useful Life (Years)	Depreciation Rate (%)
Buildings	37-44	2-3
Motor vehicles	5	20
Office equipment, furniture and fixture	3-50	2-33

There are no changes in the accounting estimates that are expected to have an impact in the current or subsequent periods.

At each reporting date, the Group evaluates whether there is objective evidence of impairment on its assets. If there is an objective evidence of impairment, the asset’s recoverable amount is estimated in accordance with the “TAS 36 - Impairment of Assets” and if the recoverable amount is less than the carrying value of the related asset, a provision for impairment loss is made.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XIII. INFORMATION ON LEASING ACTIVITIES

Finance leasing activities as the lessee

Tangible assets acquired by way of finance leasing are recognized in tangible assets and the obligations under finance leases arising from the lease contracts are presented under “Finance Lease Payables” account in the consolidated financial statements. In the determination of the related assets and liabilities, the lower of the fair value of the leased asset and the present value of leasing payments is considered. Financial costs of leasing agreements are expanded in lease periods at a fixed interest rate.

If there is impairment in the value of the assets obtained through financial lease and in the expected future benefits, the leased assets are valued with net realizable value. Depreciation for assets obtained through financial lease is calculated in the same manner as tangible assets.

Interest and exchange rate expenses related to financial leasing are recognized in the income statement. The Group does not provide financial leasing services as a lessor.

Finance leasing activities as the lessor

The total of minimum rent amounts are recorded at “finance lease receivables” account in gross amounts comprising the principal amounts and interests. The interest, the difference between the total of rent amounts and the cost of the fixed assets, is recorded at “unearned income” account. As the rents are collected, “finance lease receivables” account is decreased by the rent amount; and the interest component is recorded at consolidated income statement as interest income.

Operational leases

Based on TFRS 16, at the commencement date, the lease liability is measured at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the alternative borrowing interest rate.

After the commencement date, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made; and remeasuring the carrying amount to reflect any reassessment or lease modifications, or to reflect revised in-substance fixed lease.

Interest on the lease liability in each period during the lease term shall be the amount that produces a constant periodic rate of interest on the remaining balance of the lease liability.

After the commencement date, the lease liability is remeasured to reflect changes to the lease payments. The amount of the remeasurement of the lease liability is recognised as an adjustment to the right-of-use asset.

The lease liability is remeasured by discounting the revised lease payments using a revised discount rate, if either there is a change in the lease term or there is a change in the assessment of an option to purchase the underlying asset. However, if there is a change in future lease payments resulting from a change in an index or a rate used to determine those payments or if there is a change in the amounts expected to be payable under a residual value guarantee, an unchanged discount rate is used.

For a lease modification that is not accounted for as a separate lease, at the effective date of the lease modification, the lease liability is remeasured by discounting the revised lease payments using a revised discount rate. The revised discount rate is determined as the alternative borrowing interest rate at the effective date of the modification. The carrying amount of the right-of-use asset is decreased to reflect the partial or full termination of the lease for lease modifications that decrease the scope of the lease. Any gain or loss relating to the partial or full termination of the lease is recognised in profit or loss. A corresponding adjustment to the right-of-use asset is made for all other lease modifications.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XIV. INFORMATION ON PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions and contingent liabilities are provided for in accordance with the “TAS 37 - Provisions, Contingent Liabilities and Contingent Assets”, except for the general and specific provisions set aside for the loans and other receivables.

Provisions are recognized when the Bank has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of obligation can be made.

A provision for contingent liabilities arising from past events should be recognized in the same period of occurrence if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate the amount of the obligation can be made.

As of the balance sheet date, there are no probable contingent liabilities resulting from past events whose amount can be reliably measured.

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realized. Contingent assets are disclosed where an inflow of economic benefits is probable. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements in which the change occurs.

XV. INFORMATION ON LIABILITIES REGARDING EMPLOYEE BENEFITS

Reserve for other benefits to employees

In accordance with existing Turkish Labor Law, the Group is required to make lump-sum termination indemnities to each employee who has completed one year of service with the Group and whose employment is terminated due to retirement or for reasons other than resignation or as mentioned in related legislation. The computation of the liability is based upon the retirement pay ceiling announced. The applicable ceiling amount as at 31 March 2019 is TL 6,017.60 (full TL) (31 December 2018: TL 5,434.42 (full TL)). Reserve for employee termination benefits are calculated via net present value of estimated provision of probable liabilities will be arised in the future and reflected in the financial statements.

The Group reserved for employee severance indemnities in the accompanying consolidated financial statements using actuarial method in compliance with the updated “TAS 19 - Employee Benefits”. Accumulated all actuarial gains and losses in equity are recognized in other capital reserves.

The vacation pay obligation is calculated on the cumulative sum of the number of unused leave days that are deducted from the legally granted leave each year.

Other benefits to employees

The Group has provided provision for undiscounted short-term employee benefits earned during the financial period as per services rendered in compliance with the updated TAS 19 in the accompanying consolidated financial statements.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XVI. INFORMATION ON TAX APPLICATIONS

Corporate tax

As per the regulation of Law numbered 7061 on “The Amendments of Certain Taxes and Laws and Other Acts” published in the official gazette numbered 30261 on 5 December 2017, the rate for corporate income tax is set to be 22% for fiscal years 2018, 2019, 2020 whereas the rate was 20% effective from 1 January 2016 previously. Also the council of ministers is authorized to reduce the 22% rate to a rate as low as 20%.

In Turkey, corporate income is subject to corporate tax at 22%. Corporate tax rate is calculated on the total income of the Bank after adjusting for certain disallowable expenses, exempt income and other allowances. No further tax is payable unless the profit is distributed.

Dividends paid to the resident institutions and the institutions working through local offices or representatives are not subject to withholding tax. The withholding tax rate on the dividend payments other than the ones paid to the non-resident institutions generating income in Turkey through their operations or permanent representatives and the resident institutions is 15%.

In applying the withholding tax rates on dividend payments to the non-resident institutions and the individuals, the withholding tax rates covered in the related Double Tax Treaty Agreements are taken into account. Appropriation of the retained earnings to capital is not considered as profit distribution and therefore is not subject to withholding tax.

The prepaid taxes are calculated and paid at the rates valid for the earnings of the related years. The payments can be deducted from the annual corporate tax calculated for the whole year earnings.

Tax losses can be carried forward for a maximum period of five years following the year in which the losses were incurred according to Turkish Tax Legislation. Tax losses cannot be carried back.

In Turkey, there is no procedure for a final and definite agreement on tax assessments. Companies file their tax returns with their tax offices by the end of 25th of the fourth month following the close of the accounting period to which they relate. Tax declarations and related accounting entries can be investigated by tax authorities for five years from the beginning of the year that follows the date of filing during which time the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue re-assessments based on their findings.

75% of earnings generated through sale of equity shares, founders’ shares, redeemed shares and preemption rights and 50% of earnings generated through sale of real estates held at least for two years by the institutions are exempt from the corporate tax with the conditions that such earnings shall be held in a special reserve account under equity until the end of five years following the year of sale and shall be collected as cash until the end of the following two fiscal years.

All earnings generated through transfer of equity shares, founders’ shares, redeemed shares and preemption rights by the companies being under legal proceedings or guarantor and mortgage provider of such companies, to banks, financial leasing companies and finance companies or the Savings Deposit Insurance Fund in connection with liquidation of their liabilities and earnings of banks, financial leasing companies and finance companies through sale of immovable part of such assets or other items are exempt from corporate tax at the rate of 50% and 75%, respectively.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XVI. INFORMATION ON TAX APPLICATIONS (Continued)

Deferred taxes

The Bank calculates and accounts deferred tax assets and liabilities in accordance with the “TAS 12 - Income Taxes” and BRSA’s explanations; deferred tax assets and liabilities are recognized on all taxable temporary differences arising between the carrying values of assets and liabilities in the financial statements and their corresponding balances used for taxation purposes except for the differences not deductible for tax purposes and initial recognition of assets and liabilities which affect neither accounting nor taxable profit.

If transactions and events are recorded in the statement of income, then the related tax effects are also recognized in the statement of income. However, if transactions and events are recorded directly in the shareholders’ equity, the related tax effects are also recognized directly in the shareholders’ equity.

The net amount of deferred tax receivables and deferred tax payables is shown on the financial tables.

Transfer pricing

In Turkey, the transfer pricing provisions has been stated under the Article 13 of Corporate Tax Law with the heading of disguised profit distribution via transfer pricing. “The General Communiqué on Disguised Profit Distribution via Transfer Pricing”, dated 18 November 2007 sets details about implementation.

If the companies enter into transactions concerning to the sale or the purchase of the goods or services with the related parties by setting the prices or amounts which are not in line with the arm’s length principle, related profits will be treated as having been wholly or partially distributed in a disguised way via transfer pricing. This kind of disguised profit distribution via transfer pricing cannot be deducted from tax base in accordance with corporate tax.

XVII. ADDITIONAL INFORMATION ON BORROWINGS

The Group accounts for its borrowing instruments in accordance with TFRS 9 “Financial Instruments” standard and evaluates all its financial liabilities with the “effective interest rate method” in subsequent periods. There are no borrowings required to apply the hedging techniques in respect of the accounting and valuation methods of borrowing instruments and liabilities that represent borrowing.

The Group did not issue any stocks convertible into bonds.

The Group does not have borrowing instruments issued by itself.

XVIII. INFORMATION ON SHARE ISSUANCES

The Group has not issued any share in the current year.

XIX. INFORMATION ON BILLS OF EXCHANGES AND ACCEPTANCES

Acceptances are realized simultaneously with the payment dates of the clients and they are presented as commitments in off-balance sheet accounts.

There are no acceptances presented as liabilities against any assets.

XX. INFORMATION ON GOVERNMENT INCENTIVES

None.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)**XXI. CASH AND CASH EQUIVALENTS**

Cash and cash equivalents are cash on hand, demand deposits and other highly liquid short-term investments with maturities of 3 months or less following the date of acquisition, which is readily convertible to a known amount of cash, and does not bear the risk of significant amount of value change. The book values of these assets represent their fair values. Cash equivalents and balances regarding banks are valued by the period end counter foreign currency buying rate of the Bank.

For the purposes of the cash flow statement, “Cash” includes cash, effectives, cash in transit, purchased cheques and demand deposits including balances with the Central Bank; and “Cash equivalents” include interbank money market placements and time deposits at banks with original maturity periods of less than three months.

XXII. INFORMATION ON SEGMENT REPORTING

Operating segment is the unit that operates in only one product or service of the Parent Bank or the group of products or services which are related each other and differs from other units from the point of risk and profit. Operating segments are presented in the footnote XI of Fourth Section.

XXIII. OTHER DISCLOSURES**Profit reserves and profit distribution**

Retained earnings other than legal reserves are available for distribution, subject to legal reserve requirement referred to below.

The legal reserves are comprised of first and second reserves, in accordance with the Turkish Commercial Code (“TCC”). The first legal reserve is appropriated out of the profits at the rate of 5% until the total reserve reaches a maximum of 20% of the Bank’s paid in capital. The second legal reserve is appropriated at the rate of 10% of all distributions in excess of the 5% of the Company’s share capital; however holding companies are not subject to this application. First and second legal reserves can only be used to compensate accumulated losses and cannot be used for profit distribution unless they exceed 50% of paid-in capital.

Related parties

In accompanying financial statements, shareholders, key management personnel and board members together with their families and companies controlled by or affiliated by them associated and jointly controlled entities are considered as Related Parties in compliance with “TAS 24 - Related Party Disclosures”.

Reclassifications

Reclassifications and remeasurements during the first time application of TFRS 16 Leases Standard dated 1 January 2019 are presented in the below table.

			TFRS 16	
	Note	31.12.2018	Transition Effect	01.01.2019
Tangible Assets (Net)	(1)	117,639	4,034	121,673
Other Assets (Net)		25,952	-	25,952
Lease Payables (Net)	(1),(2)	-	4,034	4,034

(1) In accordance with TFRS 16 a lease liability and a right-of-use asset amounting to TL 4,034 thousands are recognised as of 1 January 2019 for leases previously classified as an operating lease applying TAS 17.

(2) As of 1 January 2019, the weighted average of the alternative borrowing interest rates applied to TL and EUR lease liabilities presented in the consolidated statement of financial position are 22% and 1.5% respectively.

INFORMATION ON THE FINANCIAL POSITION OF THE GROUP (Continued)**I. INFORMATION ON SHAREHOLDER’S EQUITY (Continued)**

The Parent Bank’s internal capital requirements within the scope of the internal capital adequacy assessment process in order to evaluate the adequacy of the approach in terms of current and future activities

The Parent Bank has procedures and reports under the name of internal capital assessment process. In order to assess the capital adequacy of the current year, the Bank analyse the legal ratios and budget expectations to qualitate them for the effect on the legal capital adequacy and economic capital of the Bank. With these procedures and reports the Bank covers all risk in capital adequacy requirements.

Necessary Explanations in order to Reach an Agreement Between the Statement of Shareholders’s Equity and Balance-Sheet Amounts

(***) The regulations cover Shareholders’s Equity adjustments within the framework of paragraphs 9-8-ç.

INFORMATION ON THE FINANCIAL POSITION OF THE GROUP (Continued)**II. INFORMATION ON CONSOLIDATED FOREIGN CURRENCY EXCHANGE RATE RISK**

Whether the Group is exposed to foreign exchange risk, whether the effects of this situation are estimated, and whether the board of directors of the Bank sets limits for positions that are monitored daily

The Group complies with net general position-shareholder’s equity limits. The Group has the possibility to borrow a significant amount of foreign currency.

Within the context of the market risk management work of the Risk Management Department, the Parent Bank’s Exchange rate risk is calculated and analyzed taking different dimensions of the issue in consideration. The Exchange rate risk is measured according to market risk calculated using the Standard Method and is included in the capital adequacy ratio. For testing effects of the unexpected exchange rate fluctuations on the Parent Bank monthly basis stress test analysis are done. In addition, by classifying the changes in risk factors different scenario analysis are done based on different exchange rate expectations. The sensitivity of assets, liabilities and off-balance sheets against exchange rate are measured by an analysis on a monthly basis.

The magnitude of hedging foreign currency debt instruments and net foreign currency investments by using hedging derivatives

The Group does not have any financial derivatives used for hedging.

Foreign exchange risk management policy

Transactions are being hedged according to the Central Bank of Turkey’s basket of currencies instantly. Manageable and measurable risks are taken in the scope of the regulatory limits.

Foreign exchange buying rates of the last five business days before the balance sheet date as publicly announced by the Parent Bank, are as follows

Date	US Dollars	Euro
22 March 2019	TL 5.4392	TL 6.2032
25 March 2019	TL 5.5274	TL 6.2630
26 March 2019	TL 5.6458	TL 6.3858
27 March 2019	TL 5.4945	TL 6.2162
28 March 2019	TL 5.3307	TL 6.0091
31 March 2019	TL 5.5423	TL 6.2335

The basic arithmetical average of the Parent Bank’s foreign exchange bid rate for the last thirty days

The basic arithmetical average of the Bank’s foreign exchange bid rate for March 2019 is TL 5.4408 for USD, TL 6.1597 for EURO.

III. INFORMATION ON CONSOLIDATED INTEREST RATE RISK

Interest rate sensitivity of the assets, liabilities and off-balance sheet items

Within the context of the market risk management of the Risk Management Department, the Parent Bank’s interest rate risk is calculated and analyzed taking different dimensions of the issue in consideration. The interest rate risk is measured according to market risk calculated using the standard method and is included in the capital adequacy ratio. To test the effect of the interest rate fluctuations on the Parent Bank monthly based stress test analysis are done.

In addition, by classifying the changes in risk factors different scenario analysis are done based on different interest rate expectations. The sensitivity of assets, liabilities and off-balance sheets against interest rate are measured by an analysis on a monthly basis.

The expected effects of the fluctuations of market interest rates on the Parent Bank’s financial position and cash flows, the expectations for interest income, and the limits the board of directors has established on daily interest rates

The Board of Directors has determined limits for the amount exposed to market risk / shareholder’s equity, to be maximum 45% for the early warning limit, 50% for limit maximum, and maximum 55% for limit exception in order to follow interest rate risk, exchange rate risk and equity price risk.

V. INFORMATION ON CONSOLIDATED LIQUIDITY RISK MANAGEMENT

Information on liquidity risk management regarding risk capacity of the Parent Bank, responsibilities and structure of the liquidity risk management, reporting of the liquidity risk in the Bank, the way that sharing liquidity risk strategy, policy and implementations with the board of directors and job fields.

Evaluation of capacity of liquidity risk position of the Parent Bank depends on current liquidity position, current and estimated asset quality, current and future income capacity, historical funding needs, estimated funding needs and decreasing funding needs or analysis of decrease in additional funding choices. One or more actions below are done to find funds in order to maintain liquidity needs.

- Disposal of the liquid assets
- Maintain increasing short term debts and/or additional short term time deposit and deposit like assets
- Decrease in moveable long term assets
- Increase in long term liabilities
- Increase in equity funds

Responsibility of the management of general liquidity belongs to Top Level Management, Treasury Department or Asset/Liability Committee (“ALCO”) which is consisting of Risk Management executives. Appropriate controls and balances are maintained in every condition.

Analysis of effects of various stress scenarios on the liquidity position and establishment of limits are crucial in order to establish effective liquidity risk management. Limits are determined according to the size of the Parent Bank, complexity of transactions and suitability of the financial conditions.

One of the important components of liquidity management is management information system which is created to offer information about the liquidity position of the Parent Bank to the Board of Directors, top level management and related appropriate personnel at the right time. Strong management information system is an integral part of the reliable decision making process of the liquidity.

One of the important aspects of liquidity management is making assumptions on prospective funding needs. Although final cash inflows and outflows can be easily calculated or estimated, the Parent Bank also makes short-term and long-term assumptions. Another important consideration is that the Parent Bank's reputation plays an important role in reaching the funds it needs in a reasonable amount of time.

Management also has an emergency plan to be implemented in the absence of accurate projections. An effective emergency planning consists of identifying minimum and maximum liquidity needs and weighting alternatives that will be used to meet these needs.

INFORMATION ON THE FINANCIAL POSITION OF THE GROUP (Continued)

V. INFORMATION ON CONSOLIDATED LIQUIDITY RISK MANAGEMENT (Continued)

The degree of centralization of liquidity management and funding strategy and information about the functioning between the Bank and its shareholders

The Parent Bank is supported by well-established shareholders among most powerful financial institutions in Turkey, Middle East and the North African region. The Parent Bank’s largest shareholder is Libyan Foreign Bank which is 100% owned by the Central Bank of Libya has A&T Bank. Funds received from the Group’s risk group have a 42% share in liabilities.

Information on the Bank’s funding strategy including the policies regarding diversification of funding sources and periods

The Parent Bank obtains its fund sources mainly from the parent Libyan Foreign Bank and its subsidiaries. These Funds are reliable sources which are ongoing for many years with renewing terms and expected to continue thereafter.

Currencies constituting minimum five percent of the Bank’s total liabilities

A large portion of the Parent Bank’s liabilities consist of funds obtained from the parent Libyan Foreign Bank and group banks 33% of these funds are USD and 67% are EUR.

Information regarding to the liquidity risk mitigation techniques used

The Parent Bank’s liquidity risk mitigation techniques are retention of high-quality liquid assets on hand, provide maturity match between assets and liabilities and having the option to obtain funds from different banks in its risk groups.

Information regarding to the usage of Stress Tests

Stress tests are applied by changing the percentage of the parameters regarding to the liquidity ratio calculation. Subjected components, particularly high-quality liquid assets, including cash inflows and cash outflows are increased and decreased at various rates to measure the effects on the calculation. The test results provide guidance on liquidity management.

INFORMATION ON THE FINANCIAL POSITION OF THE GROUP (Continued)**V. INFORMATION ON CONSOLIDATED LIQUIDITY RISK MANAGEMENT (Continued)****General information on the emergency and contingency plan of Liquidity**

The Liquidity Emergency Action Plan prepared by the Parent Bank’s ALCO was presented to the Board of Directors and approved by Council Decision No. 316-A/6/18 at 5 October 2018.

Decisions on the plan;

- Bank-specific crisis and general market crisis has been described,
- The decision of proportional and structural changes of assets and liabilities in the balance sheet is delegated to ALCO,
- Agreed that the Liquidity Dashboard which includes available and accessible liquidity sources of the Bank, asset sales, loan repayments and liquidity usage submitted periodically to ALCO by the Treasury Department.
- Within the framework of an effective liquidity risk management of the Treasury Department, where necessary, acting jointly with other business units to avoid concentration of funding sources, following different funding options and current trends and reporting on costs is expressed,
- If necessary, making changes in the Emergency Action Plan and update it according to market conditions and balance sheet structure is delegated to ALCO.

Liquidity coverage ratio

In accordance with the “Regulation on calculation of Bank’s liquidity coverage ratio”, published in Official Gazette no. 28948, dated 21 March 2014, liquidity coverage ratio is calculated which disclosed to the public in the following format . The monthly simple arithmetic average calculated consolidated liquidity coverage ratio of the last three months average, the weekly simple arithmetic average calculated liquidity coverage ratio of the last three months average

The weekly calculated lowest and highest values of consolidated foreign currency and total liquidity coverage ratio by weeks are as follows:

	Month	TL	Month	FC+TL
Lowest	January	94	January	117
Highest	March	161	March	226

INFORMATION ON THE FINANCIAL POSITION OF THE GROUP (Continued)

V. INFORMATION ON CONSOLIDATED LIQUIDITY RISK MANAGEMENT (Continued)

Important factors affecting the liquidity coverage ratio results and the change over time of those items taken into account while calculating this ratio

High-quality liquid assets and cash outflows are one of the most important factors affecting the calculation of the liquidity coverage ratio for Parent bank. A major portion of high-quality liquid assets of the Parent Bank are consisted of treasury bills and free deposits held in CBRT. High-quality liquid assets been on the rise throughout the year had a positive effect on the calculation of liquidity coverage ratio.

Sections High-quality liquid assets comprised of

High-quality liquid assets consist of cash, effectives, debt instruments issued by CBRT and treasury, debt instruments with a credit or default rating from A+ to BBB- or any equivalent Debt Instruments. CBRT accounts for 51% of high-quality liquid assets of the Parent Bank, while 48% comprised of debt instruments issued by the Treasury.

Sections Funding sources comprised of and their densities within all funds

A significant part of the funding sources are comprised of deposits received. 70% of the total liabilities are deposits received. 75% of these deposits are deposits obtained from banks.

Information on cash outflows arising from derivative transactions and transactions that are subject to collateralization

Cash outflows due to derivative contracts occur during periods when the bank's derivative liabilities exceed its derivative receivables. As of 31 March 2019, the group has net cash outflow amounting to TL 6 arising from derivative transactions.

Counterparty and product-based funding sources and concentration limits on collaterals

A significant part of the funding sources are comprised of deposits received. 70% of the liability is deposits and 75% of these deposits are from banks. All of these liabilities are warrantless.

Funding needs in terms of the Bank itself, foreign branches and consolidated subsidiaries taking into account operational and legal factors that inhibits the Bank's liquidity transfer and liquidity risk exposure

The Parent Bank obtains funds essentially from main shareholder Libyan Foreign Bank and its subsidiaries. These reliable and ongoing funds are renewed at different maturities and expected to continue for many years.

Other cash inflows and outflows that are included in liquidity coverage calculation but not included in the public disclosure template in the second paragraph and considered to be related with the Bank's liquidity profile

None.

INFORMATION ON DISCLOSURES AND FOOTNOTES OF CONSOLIDATED FINANCIAL STATEMENTS (Continued)**I. INFORMATION ON DISCLOSURES AND FOOTNOTES OF CONSOLIDATED ASSETS (Continued)****5. Information on Loans (Continued)***Collection policy on loans determined as loss and other receivables*

Loans determined as loans and other receivables are collected via legal follow-up and conversion of guarantees to cash.

Information on write-off policy

Loans under legal follow-up are classified and are made provision according to “Regulation on Procedures and Principles Concerning Classification of Loans and Provision”. These loans are collected in collaboration with Corporate and Commercial Credits Monitor and Follow-up Department and Legal and Legislation Services Department and other related departments. However if mentioned loans could not be collected in any way, write-off procedure is implemented. This procedure is implemented by getting the opinion of Legal and Legislation Services Department and by obtaining approvals from Corporate and Commercial Credits Monitor and Follow-up Department and the Board of Directors.

INFORMATION ON DISCLOSURES AND FOOTNOTES OF CONSOLIDATED FINANCIAL STATEMENTS (Continued)**II. INFORMATION ON DISCLOSURES AND FOOTNOTES OF CONSOLIDATED LIABILITIES (Continued)****9. Information on Shareholders’ Equity (Continued)*****Information on the privileges given to stocks representing the capital***

The share capital can be increased or decreased one or more times. Such an increase may be accomplished through the transfer of monies from the reserves to the capital account and the issuance of “bonus” shares in consequence thereof.

Every shareholder shall have the preferential (pre-emptive) right to subscribe for a proportion of new shares corresponding to the number of shares held by him and such right may be exercised within a period of thirty days from the date of receipt by each shareholder of an invitation to the shareholders to that effect. Such invitation shall be made by registered mail to the address contained in the share register.

These preferential (pre-emptive) rights may only be assigned by approval of the Board of Directors upon the favorable vote of 80% of the members, present or represented.

New shares may not be issued at a price less than the nominal value of the original shares issued.

Fractional shares shall be allocated by the Board of Directors.

The Parent Bank may not finance the acquisition of its own shares whether directly or indirectly.

Arabian shareholders are treated under the same legislation with Turkish citizens. This includes the free transfer of distributed other revenues, guarantees, shares, dividends. And in a similar manner Arabian shareholders are benefited and protected by law No.6224, Foreign Capital Incentive Law.

INDEPENDENT AUDITOR’S REVIEW REPORT

I. INFORMATION ON INDEPENDENT AUDITOR’S REVIEW REPORT

As of 31 March 2019, consolidated financial statements and explanatory notes of the Bank disclosed herein were reviewed by KPMG Bağımsız Denetim ve Serbest Muhasebeci Mali Müşavirlik A.Ş. (the Turkish member firm of KPMG International Cooperative) and Auditors’ Report dated 3 May 2019 is presented preceding the financial statements.

II. INFORMATION AND FOOTNOTES PREPARED BY THE INDEPENDENT AUDITOR

None.

SECTION SEVEN

INTERIM ACTIVITY REPORT

I. Evaluation of the Chairman and General Manager for the Period

In the first quarter of 2019, the most important agenda item of global markets was the trade negotiations between the US and China. In this period, the US Federal Reserve (FED) kept its policy rate in the range of 2.25-2.50%, while the US economy grow by 2.9%, it also pointed out that economic activity lost momentum in 2018. The European Central Bank (ECB) announced on March 7 that the interest rates would not change at the meeting held on March 7, but that the interest rate increases could come up early next year. On the other hand developing countries, the Chinese economy recorded the weakest growth in the last 28 years with 6.6% in 2018. In April, World Economic Outlook revised its global growth forecasts to 3.0% and 3.6% for 2019 and 2020, respectively.

When analyzed the figures for Turkey’s economy in the last quarter of 2018 the gross domestic product narrows 3.0% compared to the same period of the previous year. Annual growth in economic activity was 2.6% below the long-term performance as of the end of 2018. The twelve-month current account deficit decreased by US \$36.5 billion (68.2%) to US \$ 17 billion compared to the same period of the previous year. In the first quarter of the year, the Turkish lira depreciated by 5.3% against the US Dollar and by 3.4% against the Euro. The annual increase in the Consumer Price Index was 19.71% at the end of March 2019, while the policy rate, which was raised to 24% on September 13, 2018, did not change in the period under review.

“The New Economy Program Structural Transformation Steps 2019” reform package, prepared within the scope of the “New Economy Program” announced in September 2018, was shared with the public. Within the framework of the package, which is explained under the main headings of the financial sector, the fight against inflation, budgetary discipline, tax transformation, sustainable growth and employment, it is decided that the Ministry of Treasury and Finance will issue approximately 28 billion TL of Government Domestic Debt Securities (GDS) to public banks. In this way banks' capital adequacy and liquidity coverage ratios will be increased and their balance sheets will be made more resistant.

When the figures for the Turkish banking sector are analyzed, it is considered that the growth in the significant performance items is approaching the horizontal. As of February 2019, total assets of the sector increased by 1.8% compared to the year-end and reached TL 3,936 billion. In this period, loan and deposit volume growth is 1.1% and 3.0%, respectively. The increase in the ratio of gross non-performing loans to total cash loans continues and the NPL ratio which was realized as 3.87% at the end of 2018 increased to 4.11% as of February 2019 period.

SECTION SEVEN

EXPLANATIONS ON INTERIM ACTIVITY REPORT

I. Evaluation of the Chairman and General Manager for the Period

When compared to the same period of the previous year on the profitability side, the net profit of the sector decreased by 22.5% as from February 2019 to TL 6.5 billion from 8.4 billion TL. Similarly, the return on equity ratio, which was 14.75% at the end of 2018, was 13.80% (annual) as of February 2019. The capital adequacy standard ratio, which is the most important indicator for the capital level of the sector is 17.01%.

As of March 2019, the Bank’s total assets amounted to TL 4.6 billion. When compared to the first quarter of the previous year, our net interest income increased by 83.7% to TL 71 million, and our net fee and commission income increased by 78.6% to TL 20.3 million. Our net profit increased by 107.4% to TL 50.7 million, while our return on equity of 14.68% at the end of 2018 reached 17.98% in March 2019 period. The Bank’s capital adequacy ratio remains strong at 21.34%

Improving the information technologies and automation infrastructure in our business processes, increasing the service quality and ensuring full compliance with the corporate governance principles and maximizing operational efficiency will be the priority issues of the upcoming period.

Sustaining the contribution to the national economy with the aim of sustainable healthy growth in corporate banking without compromising effective risk and liquidity management will continue to be our basic working principle in the upcoming period as well.

Best regards,

Abdulahkim A. E. KHAMAG Bilgehan KURU
General Manager Chairman
